

DRILLING in the CITIES?

Less space, smaller rigs sizes

Mini Sondes
for SNS “t-series” locating systems

Name	Dimensions	Power Level	Depth, m
SNS MKt1m	Ø 15, L 150 mm	AAA, up to 5V	7 m
SNS MKt1	Ø 15, L 222 mm	AAA, up to 5V	15 m
SNS MKt2	Ø 22, L 205 mm	AA, up to 5V	15 m
SNS MKt3	Ø 25,4, L 205 mm	AA, up to 5V	15 m
SNS MKt DW	Ø 19, L 270 mm	AA, до 5V	15 m
SNS MKt V	Ø 18, L 150 mm	AA, до 5V	10 m

Need plastic pipes tracing?

SNS Pt	Ø 15, L 205 mm	AAA, up to 5V	30 m

Mini Sondes for SNS “t-series” locating systems

DRILLING in the CITIES?

No space for locator guy?

IMPORTANT!

If it is impossible for the locating system operator to be on the location line or at drilling points (busy highway, railroad crossings, closed facilities, etc.), use a cable sonde or azimuthal cable locating system.
